REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Claims 1, 2, 4-15 and 19 are allowable over the prior art of record. The prior art of record fails to teach or fairly suggest the entire combination of elements set forth in the claims including the limitation "at least one pair of protrusions is splayed" in claim 1, lines 5-6 and "at least one of said one or more protrusions is flared" in claim 19, lines 3-4. The closest prior art is Bradshaw '322 wherein a stationary type reel (col. 1, lines 17-18) having elongate bobbin (as seen in Fig. 4) is disclosed having ends 25. Smith '289 teaches a fishing reel having an elongate body 1 that rotates relative to its mounting member 3. Smith '289 teaches flared ends (col. 2, lines 7-12) to assist line onto the reel. Because the ends 25 of Bradshaw are already tapered to receive fishing line, there is no motivation to modify Bradshaw with the flared ends of Smith '289.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
